3d Artist

London, Permanent

Make is a studio of highly creative and talented architects and designers who have acquired considerable professional experience designing advanced, complex and iconic buildings. We're an equal opportunities employer committed to creating an open and egalitarian working environment. We've been listed in the Sunday Times Best Small Companies to Work for ranking for three consecutive years and are the AJ100 Practice of Year 2014.

Role Description

Our brand and internal visualisations are an extension of this and integral to the success of the practice. This role will enhance our visual output within existing projects and for new projects. The chosen candidate will be working with our Senior 3D Artist and directly with the Architects.

Ideally we are looking for a candidate who has experience in a 3d or visualisation studio. You should have a passion for beautiful architectural images and animations which is evident in your portfolio. A keen interest in Virtual Reality (VR) would also be welcomed.

For more information about Make please see our website www.makearchitects.com

Main Responsibilities

- Assist with 3d models using 3d studio max software. This may be updating existing models in line with the needs of the projects or creating rendered images with background detail from scratch
- Creating video and animation to enhance presentation of project information for clients, exhibitions, talks and internal use
- Providing support and guidance to Architects in the relevant software (detailed below)

Advanced skills in the following software:

- 3D Studio Max
- Lumion8
- Unreal Engine 4
- V-Ray
- Microstation
- Rhino
- Grasshopper
- Premiere Pro
- Affet Effects
- InDesign
- Photoshop

Required Abilities:

- Excellent rendering skills with an eye for lighting and composition
- Creation of Real time environments and movies for client presentations using the Unreal Engine.
- Creativity – the ability to suggest better ways for information to be shown in line with new and existing technologies
- Ability to work alone and with a team
- Flexibility – to work within tight deadlines
- Excellent communication skills

Architect applicants should only apply if they are looking to refocus their career in this area.

If you are interested in applying please email your CV and portfolio along with your salary expectations to

3dartist@makearchitects.com

Recruitment agencies, freelancers, consultants and rendering companies need not apply.
